

TISPOL Bulletin, 21 February 2012

Dear Colleague,

Welcome to a brand new Bulletin format. We have worked hard to establish how the fortnightly Bulletin can be as useful and informative as possible, so I do hope you will find this new style of communication more user-friendly and flexible for your needs. We welcome your feedback. Please email media@tispol.org with your comments. And do pass this on so that your colleagues and contacts can enjoy our updates, as well.

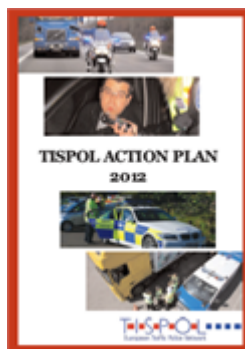

Last September we published the TISPOL Strategy 2011-2015. I am delighted now to circulate the TISPOL Action Plan 2012, which sets out our tasks and activities for this year.
